

See you in Oxford!

**OXFORD
CERTIFICATE
PROGRAMMES
AT WORCESTER
COLLEGE**

Worcester College is one of the historic colleges of the University of Oxford. It was founded in 1714, but is on the same site and in direct succession to Gloucester College, which was founded in the late 13th century.

Today, the college teaches almost every subject offered by Oxford, from Economics and Management to English Literature and Fine Art, from Medicine to Law, Artificial Intelligence to International Relations, and it enjoys multiple links with Oxford's Saïd Business School in particular.

This academic offering takes place in one of the most stunning of Oxford's colleges: medieval and 18th century buildings are set within Oxford's finest gardens and lake, and all this is alongside state-of-the-art modern facilities, such as the recently built Nazrin Shah centre. We are also the only college to have our sports fields and tennis courts within the college walls, together with a boat house on the river.

Summer 2026

“ Thank you, Worcester College, for hosting such an impactful programme - it was two weeks of deep reflection and invaluable learning
Testimonial 2025 ”

Thank you for your interest in the Oxford Certificate Programmes at Worcester College, one of the constituent colleges of the University of Oxford. We proudly host some of the finest student educational programmes in Oxford, and we would like to invite you to join us.

Oxford and education have been synonymous for centuries, and sharing this legacy of excellence with students from around the world is at the heart of what we do here. Worcester College has had teaching on its site since the 13th century, and today the site has some of the finest gardens, sports fields and a lake - but all within the heart of the modern city, minutes from bus and train stations.

This brochure shares with you our 2026 course options, but if you have any further questions, our team would be happy to help you.

Kind Regards,

Prof. Dr. Dominik Wanner (Peking University)
Programme Director

Academic Workload

Overview

The Oxford Certificate Programme at Worcester College (University of Oxford) for university students is an academic study abroad programme that offers cutting-edge subjects designed to complement a student's existing studies, providing them with methodologies and case studies that will set them above their peers.

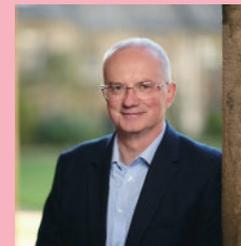

Students participate in academic courses on various subjects and experience teaching in an authentic Oxford college setting. This will be done according to the Oxford teaching model: small group interactive classes with individualised feedback and class participation. All academic teaching the courses will be tutors at the University of Oxford or the University of Cambridge.

Participants will live in Oxford college dormitories, university buildings or local hotels, and they will have breakfast in Oxford dining halls. All teaching will happen in small groups within Worcester College or Oxford University premises. All of this will offer participants an experience that will be as close as possible to attending Worcester College as a student of the University of Oxford.

In support of the academic content, the programme offers a wide range of activities. These include visits to the main university sites such as the Oxford Union and the Bodleian Library, in addition to other colleges and Oxford's world-renowned museums and galleries. Trips further afield, such as to Cambridge and Blenheim Palace, compliment an extensive array of evening speakers and further activities.

- ◆ Academic workload of each week is equivalent to 3 ECTS credits
- ◆ Participants will receive a Certificate of Attendance issued by Worcester College (University of Oxford)
- ◆ Participants who successfully finish the programme will receive an Academic Transcript with a summary of the programme content and academic performance issued by Worcester College (University of Oxford)
